Company Representative at the 23rd World Mining Congress:

Michael Hajastron, Vice President

Bob Lennon, Senior Consultant

Company Profile:

BST, a Dekra company, is a global safety consulting firm working with various industries, including mining, oil and gas, chemicals, utilities, and railroads. With staff throughout North and South America, Europe, Asia, and Australasia, BST has helped over 2,700 sites in 70 countries improve safety performance.

Product Line(s):

BST provides safety consulting expertise for the mining sector. Their mining practice experts bring with them expertise in safety management systems, environmental, health and safety practices, culture change, serious injury and fatality prevention, leadership and supervisory development, change management, and global operations and strategy.

Objectives(s) at the 23rd World Mining Congress:

BST is seeking to meet and network with key decision-makers from mining companies that are focused on sustained safety performance improvement and preventing serious injuries, fatalities and catastrophic events.
