Company Representatives at CIM 2015:

Wayne Wise, President
Cell: (570) 586-2061

Company Profile:

Acker Drill Company was founded in 1916 and has been exporting its products all over the world since 1960. Today, we are recognized as a world leader in the manufacture of drill rigs, tooling and accessories for the civil engineering, geotechnical, environmental and mineral exploration fields.

In order to promptly serve the drilling requirements of customers in well over 100 countries, we maintain an inventory of tools and spare parts in our 80,000 sq. ft. facility. In addition, our strategic location in Northeastern Pennsylvania allows us to quickly and efficiently service customers worldwide, and with over 40 representatives globally, we are able to assure service to our customers, regardless of location.

Product Lines:

Custom drilling equipment meeting the specific needs of customers in the following industries:

- Geotechnical
- Geothermal
- Mineral exploration
- Construction

Objectives(s) at CIM 2015:

To find:

- Distributors
- End User Contractors
- Sales agent or representative in the Canadian region (and other regions).
