## **Company Representatives at CIM 2015:**

Mark Jacobs, Owner, Mobile: (304) 941-9120

## **Company Profile:**

Established in 1964, Boone Supply has been affiliated with the Coal Industry and remains today - a valuable source for Safe and Quality Patented rope products. Quality speaks for itself and timely service is immeasurable. Located in Sylvester, West Virginia, our products are handmade and made only in the U.S.A.

## **Product Lines:**

Boone Supply Company manufactures safety products for underground mining such as:

- SMM Ropehangers for temporary cable suspension
- SMM Safety Directional Lines for escape ways
- SMM Miner Ropes for pulling cable
- SMM Collapsible Hangers for pillaring
- SMM Tactile Signals for Safety Directional Lines including Cones, Man-Door Balls, Cache Indicators, and Refuge Alternative Signals

## **Objectives(s) at CIM 2015:**

To find a distributor or wholesaler in the Canadian region (and other regions) with an ability to speak English.
