## **Company Representative at Health Achieve 2016:**

Mr. Le-Jun Yin, Vice President

Cell: 267-644-7767

Email: [lejun.yin@colemanlabs.com](mailto:lejun.yin@colemanlabs.com)

## **Company Profile:**

Coleman Laboratories develops and manufactures sensor products serving environmental, energy and healthcare sectors. LM series infusion monitors are made in USA. The application of the infusion monitor helps nurses improve patient safety, nursing efficiency and quality, and lower overall healthcare costs.

## **Products:**

- Medical Fluid Level Monitor. All models were cleared (510K #133870) and granted export licenses by USFDA. These are the only infusion monitors on the market with no application restrictions due to their proprietary technology. These products are classified as Class I medical devices in Canada. No MDL is required to be marketed and sold in Canada.

## **Objectives at Health Achieve 2016:**

- To meet with distributors specialized in infusion supplies and equipments. Distributors with their MDEL can sell their products.
- Distributor/representative call points include: Outpatient Infusion Centers, Outpatient Surgery Centers, Medical Oncology, Infection Control, Intensive Care Units, Critical Care Units, Education, IV Teams, Nursing Education, Anesthesia, and Materials Management.
