

Executive Roundtable Seminar

China's Growing Needs for Clean Energy

The Greater Cincinnati Chinese Chamber of Commerce is proud to announce the 2nd Executive Roundtable Seminar focusing on the subject of clean energy. A panel of industry veterans and prestigious speakers led by the keynote speaker Harry Graves, President & CEO of Global Energy Inc, a market leader in the clean coal technology, will be discussing the latest development of clean energy technologies and how such technologies may help two of the largest greenhouse gas emission countries, USA and China, to battle the environmental issues.

Moderator: Chauncey Curtz, Partner & Chair of Natural Resources Practice Group at Dinsmore & Shohl

Panelists:
Kevin Leahy Duke Energy, Managing Director of Climate Policy
Larry Falkin City of Cincinnati, Director of Environmental Quality
Larry Grubbs Imagine China LLC, Retired Chevron Exploration Mgr.

Venue:
Queen City Club 331 E 4th St, Cincinnati, OH - (513) 621-2708

Date/Time:
October 1st, 2008
11:15 - 1:00 p.m.
