2008 China International Petroleum Equipment & Technology Exhibition

- The 2nd largest professional and international petroleum & petrochemical equipment show in China
- 500 leading domestic and overseas enterprises, covering an area of 30,000 square meters. A total of 12, 000 domestic and overseas buyers are expected to visit the show
- The only Oil & Gas show held on the equipment manufacturing & export center right by the 2nd largest oilfield in China
- In conjunction with:
 - * China Int'l Geophysical Exploration & Well Logging Technologies & Equipment Exhibition (CIEL)
 - * China Int'l Petroleum Drilling & Extraction Equipment Exhibition (CIDE)
 - * China Int'l Petroleum Pump, Valve & Pipeline Exhibition (CIPVP)

2008 China International Oil & Gas Conference

The CIOGC 2008 conference will be held in conjunction with CIPEE 2008 and include speeches by 40 top-level representatives from the Government of China and foreign countries, CEOs of major Chinese and international companies. This Conference will provide an in-depth view of the current Chinese Oil & Gas market trends, critical technology issues, excellent networking opportunities, many useful contacts and the chance to revitalize relationships with existing partners and clients.

US-China Business Matchmaking Reception for Petroleum Equipment

Please join us for this reception event with high level officials and companies from China's main equipment producing regions near one of China's main oil fields. The Shandong Chamber of Commerce for Petroleum Equipment and its member companies along with the Mayor of DongYing City are sponsoring this event. They hope to meet with US companies to discuss procurement opportunities for operations in China, new joint venture partnerships, and other business relationships for various projects. They will talk about how U.S. businesses can operate within their region and with Chinese companies. This event will take place on an informal basis, with translators present. There will be a brief presentation to familiarize attendees with this region.
