## Export Compliance Seminar – June 2, 2009

Whether an Exporter or Freight Forwarder, this seminar is for YOU!

We are pleased to announce, **Ms. Dale Dickerson Kelly, Assistant Division Chief**, Data Collection Foreign Trade Division of the Census Bureau, will be in Portland to lead a half day seminar on the new AES Regulations and the associated fines and penalties that took effect Feb. 1, 2009.

### Understand and comply with the new Foreign Trade Regulations

The Census Bureau requires mandatory filing of export data through the Automated Export System (AES) or *AESDirect*.

Penalties may be imposed per violation of \$1,100 to \$10,000. This may be both civil and criminal for delayed filing, false filing or use of AES to further any illegal activity.

Learn the filing requirements, data elements, parties and their responsibilities and new deadlines by mode of transportation to avoid penalties and seizure of your shipments.

Ms. Kelly will go over the changes to the regulations as well as discussion about the enforcement efforts of CBP surrounding these regulations. This will be an open, interactive session, so please bring your questions and get your answers from the person who wrote the book!
