dermalogica[®]

a skin care system researched and developed by The International Dermal Institute

Dermalogica® revolutionized the skin care industry when it emerged into the marketplace in 1986 with innovative formulations, which excluded common irritants, including SD alcohol, lanolin, mineral oil and artificial colors and fragrances. Jane Wurwand developed the products to better support the advanced curriculum she had developed a few years earlier for The International Dermal Institute. Wurwand led the company's growth from an idea to the world's most-requested professional skin care brand. Dermalogica® is made in the USA and sold in more than 80 countries worldwide through select skin treatment centers, the brand's concept spaces located around the world, and online.

EMANI
Vegan Cosmetics

In the over-saturated color cosmetic market we ask WHY EMANI exists. From the department stores to salons, spas, drugstore and supermarkets, there is no shortage of options. An average woman uses 5 lbs. of beauty products per year and an average of 12 personal care products per day which exposes them to up to 126 unique chemicals. EMANI is a bold new standard in the world of eco-friendly cosmetics: professional grade, high-quality natural *vegan make-up* designed for the fashion-forward, eco-conscious woman who's just as passionate about her Prada as she is about recycling."

Legacy Brewing has been open since October 2013. With over 55 years of combined commercial brewing experience as a patron you will not be disappointed. We currently have 12 beers on tap and are rotating in seasonals all year long. We also have specialty brews that have been barrel aged for your enjoyment. We are also excited that we are now allowed to have live amplified music at the brewery and hope that you will enjoy us at Oceanside's newest live entertainment venue. Stop in have a few of our award winning brews

ROGUE

Rogue is a small craft brewing revolution, which expresses itself through handcrafted Ales, Porters, Stouts, Lagers and Spirits, and this is the way we conduct our business. A Rogue Ale, Porter, Stout, Lager or Spirit is crafted to give it unique character, innovative in its makeup and brewing, a process that has not compromised quality. Rogue's legendary beers include leading award winners like Dead Guy Ale, Hazelnut Brown and Brutal IPA which is the official beer of the Rogue Nation. Rogue Spirits have similar product leadership with our Dead Guy Whiskey, Spruce Gin and Hazelnut Rum, all made using homegrown products fresh from our farms and Oregon roots. Rogue has won more than 1,700 awards for taste, quality and packaging and is available in all 50 states as well as 50 countries.

Hyland's is celebrating over a century-long commitment to making safe and natural over-the-counter medicines. We have always been driven by the simple scientific proof of how the body can call upon its own natural defenses to heal and restore balance. Today, as countless conventional medicines developed by others prove to produce complicated or even harmful side effects, the need for natural homeopathic medicines that work without side effects is increasing. Hyland's stands as a leader in innovations that answer to the changing health needs of our modern world.

U.S. Small Business Administration

The U.S. Small Business Administration (SBA) was created in 1953 as an independent agency of the federal government to aid, counsel, assist and protect the interests of small business concerns, to preserve free competitive enterprise and to maintain and strengthen the overall economy of our nation. Although SBA has grown and evolved in the years since it was established in 1953, the bottom line mission remains the same. The SBA helps Americans start, build and grow businesses. Since its founding on July 30, 1953, the U.S. Small Business Administration has delivered millions of loans, loan guarantees, contracts, counseling sessions and other forms of assistance to small businesses.

We produce a range of water treatment products utilizing the distillation process to produce bio-secure drinking water and high purity water for laboratories, military etc. For over 40 years our Pure Water brand of water distillers has been recognized as the single most effective way to protect against the full range of possible contaminants that can be found in water. Pure & Secure, LLC. is a family owned business that still manufactures our products in the USA to exacting standards. In addition to manufacturing the best water distillers in the world, we feel that it is our mission to educate the people of the world about the vital importance of consuming only fresh distilled water. **Our customers** include families, athletes, diabetics, cancer patients, doctors, dentists, schools, preschools, scientists, multinational corporations, government agencies and many more.
