

Ramsey Bader Bio

Ramsey Bader is the International Market Manager at Edgetech I.G. Inc. He has over ten years experience in international business including direct business development responsibility for the Middle East, Australia and New Zealand.

He joined Edgetech I.G. in 2003 as an International Market Specialist where he was tasked with international customer service; logistics and trade finance management. After establishing a solid international business support base for Edgetech, Ramsey went on to develop new international opportunities for the company resulting in exciting new frontiers for the company. He currently manages Edgetech's international department and is responsible for business development, international market research and providing analytical frameworks and strategic insight for international expansion. He is a regular contributor to Glass Australia Magazine and Middle East Glass Magazine. Prior to joining Edgetech Ramsey worked for Citibank's Offshore Corporate Bank in Bahrain and Dubai, UAE. Ramsey holds an MBA degree in International Business from the University of Akron, Ohio, and a Bachelors degree in Banking and Finance from the Lebanese American University. He is additionally a Certified Global Business Professional.
