

WHEN IT COMES TO BUILDING SUPERIOR SKIS QUALITY COUNTS

Sego Ski Co. is pioneering ski manufacturing craft **in the heart of the Tetons**. Our **USA-made** skis are **manufactured in-house**, from start to finish, ensuring that every ski that leaves our factory meets **exacting quality control standards** for build and final tune quality.

2017/2018 LINEUP

- **Frontside Line** *Men's Skis (7)*
- **Lunch Line** *Park/Jib Skis (3)*
- **Backcountry Line** *Touring Skis (2)*
- **Women's Line** *Women's Skis (4)*

Our 2017/2018 lineup is designed to offer progressive skis for the backcountry, park, powder and piste. From our 88mm underfoot, hard-carving Cleaver 88 to our 134mm underfoot, smile-inducing Wizard, all of our skis are constructed with quality materials that inspire confidence, no matter the conditions. Stable camber zones and minimalist tip designs lower swing weight and reduce wasted effort. And while we build our touring specific models with a composite hybrid ISOCORE and carbon laminate to make them ultra light and durable, the touring line maintains strong edge hold thanks to our wide sidewalls. Bottom line, each of our 16 models offer a unique snow feel that will inspire you to go faster, arc better turns, and have more fun on the slopes than ever before.

CONSTRUCTION

We pride ourselves on being more than a ski brand—we are a ski manufacturer. We have complete control over our production and finishing processes. Our base and edge-finishing equipment is the most advanced in the region which allows us to deliver ready-to-go skis straight from the wrapper.

- **Poplar Core**
- **ISOCORE**
- **Oversized Edges**
- **1.4mm DuraSurf 4001 Bases**
- **Triaxial Fiberglass**
- **Biax Carbon Fiber**
- **UHMW Sidewalls**
- **Textured Polyamide Topsheet**
- **Snow-Ready Tune**

MADE IN THE USA

Sego Ski Co. was conceived by a group of dedicated skiers who draw their inspiration from the perennial search for the perfect turn. Our quest led us to Teton Valley, where we have access to the premier big mountain laboratory in North America. Our location allows us to continually hone our craft and deliver the highest-quality American-made skis.

AWARD WINNING SKIS

- **Women's 2016 UP Pro**
- **Women's 2015 Gnarwhal**
- **Lunch Line 2016 Sloppy Joe**
